### Product Description

## Kayo BULL 125 EFI Utility ATV

#### ADDITIONAL FEATURES

This Bull 125 delivers great power for young (+10 years old) riders through teenagers. The gutsy 4-stroke engine is reliable and it even has an electric starter. New bodywork graces the 2021 Bull 125 as well as LED running lights. An automatic transmission makes riding easy and it even has a reverse gear! Although the frames is very sturdy, they remain nimble and light in weight.

The Bull 125 is covered by a 6-month limited warranty.
