Product Description

Hisun Stryker 750X Crew EPS UTV

The all-new Stryker 750X Crew delivers unmatched power, cutting-edge technology, and rugged durability, all while comfortably seating six passengers. Designed to conquer tough terrain, it features Electric Power Steering (EPS) for precise control and dual 10-inch color LCD screens with Apple CarPlay, Bluetooth, FM/AM radio, and integrated door speakers, keeping you connected and entertained on every ride. Front and rear cameras enhance visibility, while a push-button start adds convenience. Built to tackle any challenge, it comes standard with a front windshield, 3500 lb winch, and heavy-duty side rails for added protection.
